PROSPECTUS
2022 - 23

Quaid's Message

The duties required of you now are:

Develop a sound sense of discipline, character, initiative and a solid academic background. You must devote yourself wholeheartedly to your studies, for that is your first obligation to yourselves, your parents and to the State. You must learn to obey, for only then you can learn to command.

INTRODUCTION

BASHIR INSTITUTE OF HEALTH SCIENCES, established in February, 2014 is a pioneer Allied Health Sciences Medical Institute located in the lush green valley of Capital territory Islamabad just 15 minute drive from Diplomatic Enclave. It is situated on an area of 52000 sq. ft. with a covered area of 34000 sq. ft. spacious building. The purpose is to give standard health education in the capital of Pakistan and ensuring that students may develop the true mindset of health profession. This institute is currently running following projects:

Department of Rehabilitation Sciences

- I. Doctor Of Physical Therapy (DPT) 5 years degree program
- II. BS- Psychology 4 Years Degree Program

Department of Allied Health Sciences

This institute offers 4-Years Degree programs (semester system) in the following disciplines;

1. BS-Medical Laboratory Technology (MLT)
2. BS-Dental Technology
3. BS-Surgery (OT) Technology
4. BS-Anesthesia Technology
5. BS-Cardiac Perfusion Technology
6. BS-Medical Imaging (Radiology) Technology
7. BS-Emergency & Intensive Care Sciences
8. BS-Optometry

Department of Pharmacy

- I. Doctor Of Pharmacy (Pharm-D) 5 Years Degree Program.

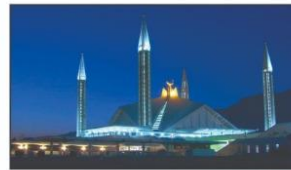

Department of Nursing

- I. BSN (4- Years Degree Program)
- II. Post RN two years Program

Dr. Bahsir Teaching Hospital

Sultana Bashir Dental Hospital

We are running these hospitals on No Profit No Loss basis for the cheap but reliable treatment of the locality. These Hospitals also serves for the training of students in the basic sciences, and for the professional clinical training of the students. We are clinically attached with following Hospitals. **Bilal Medical Complex, National Institute of Rehabilitation Medicine and Rawal General & Dental Hospital** recognized by PMDC for medical and dental training.

Bashir Institute of Health Sciences Islamabad

Mission:

The mission of BIHS is to train the professionals in the prevalent professional knowledge, Skills, techniques as well as train them to acquire practical expertise for efficient health services delivery.

Vision:

To be a prominent natural institution in the region recognized for its values, diverse and supportive learning environment, having reputation in learning and emphasis on the quality education and practical base. Moreover, Institute will prepare the health professional in accordance with professional standard and will produce research scholars

MESSAGEs

Chief Executive Message

Bashir Institute of Health Sciences Islamabad is a center of quality education in professional Health care for all. This institute provides inspirational, safe and friendly learning environment with high quality of teaching/Learning facilities along with skill development in clinical area through research. I am certain that you are considering the higher Medical education because of keen interest in your profession and want to advance your knowledge and skills to meet the national and international standards.

A skilled health professional can not only save the life but also can add quality in life of the patient. I may put into words that standard of students of this college under the guidance of very hard working and esteemed faculty members is not less than any institute in the country.

I am confident that all students will avail the great opportunities, which are made available for them and pass out with a commitment to serve the community and above all humanity at large.

Dr. Muhammad Bashir
MBBS, DCP, MCPS, FCPS
Chief Executive
BIHS Islamabad

Chairman Message

Bashir Institute of Health Sciences Islamabad right from its inception in February 2014 to now, has marched forward to spread the light of education and pave the path of academic excellence for every student. Prime aim of institute is to provide the best possible quality education and practical skills to young learners seeking professional education and skill in health sciences.

Nowadays, the importance of qualified talented health professionals has widely been accepted all over the world. I may put into words that standard of students of this college under the guidance of very hard working and esteemed faculty members is not less than any institute in the country.

As a chairman of Bashir Institute of Health Sciences, it would be my first priority to provide a learner-centered curriculum that integrates strong basic sciences, ethical principles, professional standards, outstanding clinical and research training. Our aim is to make our students responsible and active member of a society by providing quality education and professional skills.

I take pride in saying that as part of development schemes of Institute we plans to add further degree programs and diplomas in various disciplines. Beside this my Vision is to transform Bashir Institute of Health Sciences into a Medical University in the very near future, which everyone associated, will be proud off.

Dr. Aamir Naveed
Chairman
BIHS Islamabad

Principal Message

With the exceeding gratitude to Almighty ALLAH I find myself in a great pleasure to write to you as the Principal of Bashir Institute of Health Sciences, an inclusive facility dedicated to produces the highly motivated and capable health care professionals. I am truly honored to lead the organization since 2016 at a time when the future is so full of opportunities.

In the past couple of years, there is a continuous increase in the number of students looking wistfully at distant horizons while yearning quality health professional education. Due to the lack of sufficient number of institutes giving a quality education, either the candidates strained their physical, emotional and financial resources to the breaking point in pursuance of education abroad far from their home land and loved ones, or they simply gave up all hope and discontinued their academic careers.

Bashir Institute of Health Sciences took an initiative by offering a number of disciplines in the Allied Health Sciences, Doctor of physiotherapy and Bsn Nursing that we can prove to be helpful to the public health delivery system by financial support and lessen the burden on Government. Thus enhancing health facilities in the region. By providing the quality education standards set by Higher Education Commission and Recognized degree from Shaheed Zulfiqar Ali Bhutto Medical University, the only public sector Medical University in the capital city of Islamabad, Bashir Institute of Health Sciences will train the professional in their own country with no language and cultural barriers, thus making them competent to deal with the health problems of our country

"The journey of a thousand miles begins with a single step." Lao-Tzu

BIHS is a unique educational project providing extraordinary care and education with sense of extreme responsibility and is focusing more on the health care system of Pakistan. We have assembled a dedicated and experienced faculty of professionals serving the career development needs of future health care providers and teaching them the latest medical ethics. So that, they may compete in their profession around the globe.

I as a Principal of BIHS want to assure all the students seeking Medical Education that our faculty will put all its effort to impart modern Medical Education along with the moral and Islamic Values in the character of an individual.

"With faith discipline and selfless devotion to duty, there is nothing worthwhile that you cannot achieve."

Mohammad Ali Jinnah

Dr. Syed Bilal Haider
Principal
BIHS Islamabad

Vice Principal Message

Allied health professionals are an integral part of the health care system. Our institute aims at providing efficient Teaching and training facilities to make the student's reach the level of competency that is in par with the best in the region.

We have highly qualified faculty members having strong academic background, who train our students on the Pattern of the latest concepts in health education with due emphasis on highest standards in professionalism, empathy, human behavior, medical and social ethics.

Currently our institute is offering diverse discipline in the fields of Allied Health Sciences, Rehabilitation Sciences and also Nursing. Besides providing a conducive environment, we also arrange co-curricular activities for the students to enhance their talents. Our institute is committed to explore the inner talent and abilities of the students and refine them to make them shine in the society.

Bashir Institute of Health Sciences Islamabad

Department of Pharmacy

Offers

5 Years Degree Program

Doctor of Pharmacy (Pharm D)

Department of Pharmacy

Introduction:

This is an exciting time for pharmacy education. The demand for pharmaceutical services is expanding dramatically in community pharmacy, health-system pharmacy, managed health care, and the pharmaceutical industry. The department of pharmacy is committed to education excellence and expanded opportunities for our students. The need for pharmacists' expertise is evident from the many medication-related media stories focusing on new medications, adverse effects of medicines, and drug costs. The new medicare drug benefit will greatly expand the opportunities for pharmacists to provide care. Pharmacy, along with medicine and nursing forms the backbone of our national healthcare system. We cannot afford to remain behind other developing nations in providing quality drugs to our masses and professional manpower. We have to cater the needs of this system by producing well qualified, professionally trained and highly competent pharmacists who can perform specialized tasks such as drug design, synthesis, manufacturing, quality assurance, marketing and supply system, procurement, storage, distribution and use of drugs in industry, hospital setting or in community practice.

HOD Message

It is a matter of pleasure for me to represent the Department of Pharmacy at BIHS, Islamabad. The department's five-year program of study will lead to Doctor of Pharmacy (Pharm D) degree, which will fulfill the requirements for registration as a pharmacist not only in Pakistan but across the world as well. The graduates of this department will have a diversity of job options such as, but not limited to, working in community pharmacies or hospital pharmacies, the pharmaceutical industry, pharmaceutical inspection and research, and different areas of clinical pharmacology.

The teaching curriculum integrates biomedical, pharmaceutical, and clinical fields of learning in order to achieve efficient patient-centered practice by pharmacy graduates. The distinguished academic teaching staff members with their teaching and research records are dedicated to achieving the pharmacy program outcomes through implementing a diversity of modern teaching/learning strategies. The well-equipped scientific laboratories, the learning facilities including the state of the art library and the scientific collaboration with renowned universities are among our assets to pursuing academic excellence. Moreover, social, cultural and sports events are also encouraged. I look forward to welcoming you to the Department of Pharmacy, BIHS Islamabad to embark on your life-long learning experience with us. I hope that our students will contribute with their full commitment, dedication and expertise to the health care system and well-being of the society.

Dr. Inayat Ullah Bhatti
PhD Pharmacology

Department of Rehabilitation Sciences

Offers

5 Years Degree Program (Annual System)

Doctor of Physical Therapy (DPT)

4 Years Degree Program (Semester System)

BS Psychology

DEPARTMENT of REHABILITATION SCIENCES

Introduction:

Physical therapy is an essential segment of modern health care system. It is a “science of healing and art of caring”. It pertains to the clinical examination, evaluation, assessment, diagnosis and treatment of musculoskeletal. Beside this Neurological, Cardio-Vascular, Respiratory systems and functional disorders including symptoms of pain, edema and physiological, structural and psychosomatic ailments. It deals with methods of treatment based on movement, manual therapy, physical agents, and therapeutics modalities to relieve the pain and other complications. Hence, Physical therapy covers basic parameters of healing sciences i.e. preventive, promotional, diagnostic, rehabilitative, and curative.

BIHS College of Rehabilitation Sciences Offers 5-Year Degree Program of Doctor of Physical Therapy (DPT) equivalent to 17 years of schooling. It is the first professional degree in physical therapy endorsed by the Higher Education Commission of Pakistan.

HEAD of DEPARTMENT Message

I take the privilege to welcome you all to the Department of Rehabilitation Sciences. The aim of the department is to impart the students a sound knowledge of the theory of Physical Therapy and Psychology Education with exposure to practical knowledge through Hospital rotation and clinical study. Both the Programs emphasize interdisciplinary team work, communication skills, tools & skills for professional practice, and lifelong learning. We strive to ensure that our graduates understand professional ethics and the value of service to their profession and society through involvement in community, state, and international organizations.

The department of Rehabilitation Sciences has an excellent infrastructure and state-of-art labs with a teaching faculty of the best kind ensuring quality education. We encourage regular interaction among students, parents and staff, along with a Training and Placement Cell which works full time for a bright future of the students. Hence, I am sure that the Physical Therapist and Psychologist of Bashir institute of health sciences will make the Nation proud.

I am looking forward to see you at Department of Rehabilitation Sciences and wish all our students continued growth and success in their educational and professional endeavors.

WHY BIHS

By
Mr. Usama DPT 1st session 2020-2025

بی آئی ایچ ایس ہے اک ادارے کا نام
جو کرتا ہے بڑی شان سے اپنا کام

طلباء اس کے بہت ہی محنتی ہیں
ہر سال جیتتے ہیں اس کیلئے انعام

ہر کام ہوتا ہے نظم و ضبط سے یہاں
شاندار ہیں اس ادارے کے سب اقدام

پڑھائی کے ساتھ ضروری ہوتی ہیں جتنی
ان سرگرمیوں کا بھی کرتا ہے اہتمام

ہمیشہ آگے بڑھتا رہے یہ ادارہ یونہی
اس کی ترقی کا کبھی نہ ہو اختتام

Department of Allied Health Sciences

Offers

4 Years Degree Program in Following Disciplines

- 1. BS-Medical Laboratory Technology(MLT)**
- 2. BS-Dental Technology**
- 3. BS-Surgery Technology**
- 4. BS-Anesthesia Technology**
- 5. BS- Cardiac Perfusion Technology**
- 6. BS-Radiology Technology**
- 7. BS-Emergency & Intensive Care Technology**
- 8. BS-Optometry**

DEPARTMENT of ALLIED HEALTH SCIENCES

Introduction:

Just like name suggests, allied health sciences is a health care field that aids other health care professionals and patients. Allied health professionals team up to provide the best health care and support services that drive the implementation of a health care system. Professionals of Allied Health sciences is a group of health professional who apply their expertise to prevent disease transmission, diagnose, treat and rehabilitate people of all ages and all specialties together with range of technical and supporting staff. They deliver direct patient care to restore and maintain optimal physical, sensory, psychological, cognitive and social functions. Allied Health Professional are trained in many skills depending on their profession, it may include basic life support; medical technology, basics of medical law and esthetics, understanding of human relations; interpersonal communication skills; counseling skills; computer literacy ; ability to document healthcare information, interviewing skills and proficiency in word processing, database management and electronics database.

HEAD of DEPARTMENT Message

It is a matter of pride and pleasure for me to introduce the Department of Allied Health Sciences, BIHS, Islamabad, Pakistan. Sitting squarely and spanning all areas of allied Health Sciences, the department is focused on devising innovative, correct solutions to real life health problems through world-class education. Our success is evident from our high points such as highly professional, foreign qualified and experienced faculty, diverse degree programs, research achievements and successful alumni serving in top national and international organization worldwide. Better patient care is the ultimate goal of all health care activities and is provided by doctors, nurses and allied health care staff. Provision of health care is a team effort and the allied health worker is an integral part of the health care team, who, if not available, affects the quality of health care provision as Allied health professionals comprise nearly 60% of the healthcare workforce.

Bashir Institute of Health Sciences, the college of Allied Health Sciences has the honor of being the first institution in the capital territory of Islamabad to start professional degree courses in different disciplines of Allied health Sciences. The Institute is conducting total 8 degree programs in Allied Health Sciences including:

- 4 year degree programs in:
 - B.S Radiology Technology
 - B.S Medical Laboratory Technology
 - B.S Dental Technology
 - B.S Optometry
 - B.S Cardiac perfusion Technology
 - B.S Surgical & Operation Theater Technology
 - B.S Anesthesia Technology
 - B.S Emergency & Intensive Care Technology

The aim of these programs is to equip the students with relevant professional knowledge, skills, outclass leadership skills, involvement in student activities, and the practical background and internship experience within their specific fields, and ethical values to enable them to apply their acquired expertise at level between the doctors and the patient for efficient health service delivery. All the departments comprises of highly trained professionals who are expert in their fields both in teaching and clinical.

We wish all the very best to the students willing to join Bashir Institute of Health Sciences for the excellent professional education in the region.

Why BIHS

I am Amina Shaukat a proud student of BIHS from Radiology department. This institute not only contributes in academic excellence also provide enough facilities to prove our skills in practical field of Radiology department. Thus giving all the students an opportunity to execute their theoretical knowledge in practical field. Thanks to the wide range of opportunities, BIHS offers to enhance my skills and knowledge, in my prospective field. In addition, thanks to the teachers who inspire and motivate us to become best in our field. I am satisfied with the institute as well as with my field.

DEPARTMENT of NURSING

Introduction:

Bashir institute of health Sciences Islamabad is one of the premier institutes among the private public sector in the capital region of Pakistan. It is affiliated with the Shaheed Zulfiqar Ali Bhutto Medical University (SZABMU). Ultimate purpose of Department of Nursing is to provide standard nursing education to Pakistani emerging students so they have a creative and an innovative mindset of a true health care professional. The department of Nursing is responsible for the education, research, and practice of nurses in an inter-professional health sciences environment. The philosophy of the department embodies the concepts of nursing, health, person, and environment, within education, research, and practice.

PRINCIPAL Message

Department of Nursing-Bashir Institute of Health Sciences (BIHS) is an integral part of BIHS. BIHS aims to provide the standard educational learning opportunities to baccalaureates graduates. To achieve this, highly efficient and diligent nursing teachers are putting their utmost with students at all circumstances.

I firmly believe that proper training, orientation and supervision helps to prepare responsible and accountable nursing graduates. In department of nursing, students do have the benefit of contributions from the interdisciplinary teaching faculty and ample opportunity for extra- curricular activities. In this regard, department of nursing has an excellent, efficient and highly motivated faculty who plan meticulously all the curricular and co-curricular activities for the students. Moreover, the institute enables supportive learning environment, career-oriented discipline, good clinical and library facilities that attract the students to study here.

As a principal, it is my prime responsibility to ensure quality educational services are available to our nursing students at all times. Furthermore, I also stress to attain the ultimate goal of preparing competent, compassionate and caring graduate nurses who can excel in their clinical or educational practices while considering ethical nursing principles

Mr. Muslim Shah

Rules & Regulations of BIHS

All the students of BIHS are expected to observe disciplinary standards of the institute in all their dealing. Failure to meet these standards will require them to appear before the disciplinary committee, which may recommend a suitable action against the students in terms of

- i. Fine in payable amount
- ii. Suspension of the students
- iii. Or Expulsion from the institute.

Any of the following students will call for a disciplinary action.

1. For not wearing a proper neat and clean uniform.
2. For not displaying the college identity card during institute time.
3. Indulge in offences like act of dishonesty, harassment, assault of any kind, drug uses, drug possession, possession of arms, illegal and irruptive conduct, theft and misuses of property etc.
4. For any willful damage to the institute property as it is considered a deliberate act of in-discipline and shall therefore be dealt with accordingly. The institute reserves the rights to dismiss the student for violation of its policies and regulation or for conduct prejudicial to the interest of institute.
5. Students are not allowed to collect the funds for any purpose what so ever without prior permission of management of college.
6. Students are absolutely not allowed to see visitors during teaching hours or receive a phone call except in extra ordinary circumstances..
7. No notice shall be put on notice board by any student directly unless permission has been granted by institute authorities.
8. No student is allowed to paste, exhibit prepare or distribute any poster, leaflet notice, pamphlet or hand bill, what so ever in the premises of institute.
9. Institute does not accept any liability or responsibility for any failure or delay in the performance due to any cause beyond its control such as fire, natural disasters, power failure, riots, political interest or act of public authorities etc..
10. In case of disciplinary action against guilty student resulting into his/her expulsion from the institute, he/she shall not be entitled for any financial or academic compensation.
11. Security fee will be refunded after receiving of final DMC.
12. BIHS reserve the rights to change any or all the rules at any stage during the course of time in the larger interests of institute or that of students.

Rules & Regulations for Safe Lab Environments:

Safety in the laboratory involves a cautious attitude and an awareness of potential hazards. Usually potential accidents can be anticipated and prevented. If

safety precautions are followed, fewer accidents will occur. The number of laboratory accidents can be reduced if every student follows all of the directions given for the experiment and by the instructor.

Special note should be taken of specific instructions that are given in an experiment to eliminate recognized potential hazards.

Students are expected to observe the following rules while performing the practical in labs; any violation of these rules will incur appropriate disciplinary

A. General Rules & Regulations

1. Lab Instructor is not responsible for damage to personal effects.
2. Whenever students are performing authorized experiments in the laboratory, an instructor is expected to be present or a student needs explicit permission from the instructor to work in the laboratory in which case the student must have a partner present in the lab.
3. Any breakage of glassware or other breakable laboratory equipment is to be immediately reported to the laboratory instructor.
4. Electronic devices, such as cellular phones and pagers, and any personal entertainment devices must be turned off prior to the beginning of the lab period. Failure to comply will result in dismissal.
5. No visitors should attend class without the prior consent of the instructor.
6. Failure to comply with laboratory rules and regulations will result in expulsion from the laboratory and referral to the Department Chair for further action.

B. Accident and Emergency

1. Each individual is to report any accident, no matter how small, to the laboratory instructor. If necessary, the laboratory instructor will give a written report of the incident to the Department Chair.
2. Should an incident occur and a staff or faculty member is not immediately available, contact the Health Center for assistance or call 1122.

C. Medical or Hospitalization Insurance Information

If you are involved in an accident, all medical expenses will be your responsibility or your guardian's responsibility. If appropriate, please check with your guardians to see whether you are covered by medical insurance.

Examination And Attendance Rules:

1. A student is required to maintain an attendance level of at least 75% for a registered course during a semester/year. There are no relaxations on any ground to the minimum required attendance. A student who fails to maintain minimum level of attendance i.e. 75% is not allowed to appear in terminal examination and is treated as fail.
2. A student absent for five consecutive days or absent for consecutive lectures in any one subject without approved leave will automatically be struck-off from the college.
3. A student who applies for leave (for medical or other emergencies) must submit proper application duly signed by the parent or guardian.
4. Back-dated leave application will not be entertained in any case. It is responsibility of the student and his/her parents to submit the leave application in the institute office in due time.
5. Leave is approved only to exempt the student from absentee fine and shall not be credited to his attendance and it should not be assumed to compensate for the compensation of attendance shortage at the end.

6. Regular monthly tests and term examination are held throughout the academic year for all students. Pre-Prof examinations are also held before university examination. All students are required to attend and pass these examination.
7. A student found guilty of using unfair means in the test or examination shall be fined along with parent call or cancelation of paper.
8. Cell phones, books/notes and weapons/ arms are strictly prohibited. In case of failure of mentioned rule penalties will be cancellation of relevant paper or all paper of exam and debarred from appearing in the next one to five examinations, beside fine as determined by the institute or disqualified to appear from any medical institute/university.
9. An examiner is authorized to dismiss you from the examination for use of un-fair means.
10. The institute authority reserves the right to amend the rules as and when deem necessary.

Examination

Rules Regarding Payment of Fee:

Prescribed fee is required to be paid on or before the due date. Last date may be seen on selection letter or as announced by the institute. Partial payment is not accepted. If any student is unable to pay the fee on the due date, he/she must seek the permission of the chairman for extension of the last date of paying the fee. Candidate failing to deposit full fee by the due date, loses his/her seat which is offered to the next waiting candidate on merit list.

1. The candidate may appeal to the chairman for readmission in the same session. The authorities may allow readmission in compassionate grounds only after payment of admission fee.
2. Semester / Annual fee is required to be paid on or before the due date decided by institute authority. Otherwise a penalty of Rs: 2000/- will be charged after 15 days.
3. Hostel fee & Transport fee will be deposited before 5th of each month. Otherwise a penalty of Rs: 100 will be charged per day.
4. The detained students will have to submit full semester / year fee.
5. Migrated students from other university / institute (either affiliated with SZABMU) will have to pay full tuition fee of current semester/ year including security charges.
6. If a student wants to migrate from BIHS to any other institute / university, she/he will have to pay full fee of ongoing semester/year. And she/he will not be able to claim security charges refund.
7. If the students, who has not paid / cleared all the dues of the institute, will not be entered in the admission register, nor he /she will be allowed to attend the classes or appear in the examination.
8. Registration Fee/Admission Fee is non-refundable.
9. Security Deposit is refundable after receiving of final DMC of degree. In case of discontinuation migration or cancellation of admission security will not be refunded and no adjustment against security will be entertained during academic stay in the institute.
10. Student availing the institute hostel facility are bound to complete one year in hostel, before that they will not be allowed to quit hostel in case they do so the will be charge with one year of hostel dues and security will be confiscated .
11. Registration fee/admission fee is non refundable.
12. Tuition Fee is refundable within 15 days of convene of classes on a pro rata basis as given below. No refund shall be admissible after 15 days of convene of classes either one joins BIHS/avails facilities or not.
13. The institute authorities reserve the right to amend the rules as and when deem necessary.

Timeline for Refund of Tuition Fees	%age of Refund
Before convene of classes	70%
Up to 1 Week of Convene of classes	50%
Up to 2 Week of Convene of classes	25%
After 2 Week of Convene of classes	0%

**BASHIR CLINICAL DIAGNOSTIC
&
RESEARCH CENTER**

BASHIR CLINICAL DIAGNOSTIC & RESEARCH CENTER MISSION

To develop human resources in the field of health, by inculcating professional knowledge, skills and ethical values, to bring-in prosperity and technological advancement based on high-tech. research in the individual's life and society at large.

INTRODUCTION

The Bashir Clinical Diagnostic & Research Center is a not for profit, dedicated center aims to provide specialized laboratory testing services and comprehensive diagnostic evaluation for a range of pathological conditions to community. Our expertise includes diagnosis and interpretation of results which requires detailed knowledge of the field by individual's specialist in laboratory sciences and molecular biology. Standards ethical approach, accurate tests and reasonable cost is the hall mark of the center and require only sample from the patient's blood, urine etc. The center also offers diagnostic screening at population level which is important in therapeutic intervention and preventive measures to limit the spread of disease and outbreak. The data generated from various tests are used for clinical research reports and academic purposes after taking proper consent from the patients. Center is well equipped and offer training to undergraduate students taking into consideration the following objectives

OBJECTIVES:

- Ability to understand, develop and follow standard guidelines for use in clinical laboratory sciences
- Learn how to collaborate with clinicians and other health care workers
- How to ensure and deliver quality results from the provided samples
- To understand the role and limitations of diagnostics healthcare professional
- To understand and grip the running protocols of diagnostics instruments
- To minimize the diagnostic errors and issues associated with various assays
- How to analyze and interpret the obtained results in the perspective of disease
- Recognize the patient safety risks associated with misuse of the clinical laboratory
- How to report results in scientific literature following proper ethical guidelines
- Advise and counseling the patients about the prognosis of diseases in the context of pathology
- Ability to communicate effectively in written, oral, and graphical forms, including the use of professional quality visual aids

STRATEGIC PLAN:

1. Building core concepts through extensive training and laboratory work via the application of clinical and theoretical knowledge.
2. Designing small scale projects compatible and align with the nation healthcare need.
3. Place summer internship for revenue generation and to give hands-on training to students and other allied health professionals.
4. The center is striving to develop national guidelines in accordance to Pakistan Healthcare commission in order to be included as reference Lab by Pakistan.
5. Initiation of co-curricular activities like academic clubs, participating in national and international competitions, conferences and exhibitions.

Journal Message of the Editor

Cutting-edge research within the domain of ethical guidelines is an essential domain for any organization to be established on a scientific foundation. The scientific vision and mission significantly influence organizational performance. To be a part of the International Scientific and academic community, Bashir Institute of Health Sciences is always striving to be in a race to compete with international standards. Scientific and research advancement make a huge stride in advancing knowledge and booting the research potential of any organizational student. In doing so, Bashir Institute of Health Sciences has launched an International Journal titled "Journal of Bashir Institute of Health Sciences" looking into the importance of research and finding the ways to standout your accomplishments.

Journal of Bashir Institute of Health Sciences offers a platform for sharing your research with a wider audience and make it more visible without any article processing fee. The journal strictly adheres to COPE ethical guidelines. Any author whose work was found to be redundant/copy paste or plagiarized will be blacklisted from the journal for any future submission.

Currently, the Journal of Bashir Institute of Health Sciences is indexed in Google scholar, Publon, and has an ISSN number both for electronic and print media.

The journal considers original research papers, short communication, editorial, case report, mini-review, and any epidemiological reports from all domains of health sciences. The research work must be original, and the finding must have a significant impact on the general population. All the submitted manuscripts undergo a rigorous peer-review process both via an in-housed editorial board and external independent reviewers. After review and acceptance, the article is published in their regular issues and is provided free access to a worldwide audience.

Editor in Chief
Dr. Muhammad Imran Khan
PhD Neuropharmacology

Journal of Bashir Institute of Health Sciences

Journal of Bashir institute of Health Sciences is an official journal of Bashir Institute of Health Sciences, Islamabad, Pakistan. It is an international multidisciplinary research journal, which serves as a platform for researchers and scientists, clinicians, and other allied health professionals to publish their original research and investigations. It is biannual international peer reviewed, online journal covering all the specialties of biomedical and health sciences such as medicine, nursing, dentistry, intensive care, Cardiac perfusion Anesthesia, surgery, optometry, DPT, Laboratory sciences and radiology. The journal consider clinical case reports, research articles, mini review, editorials and medical images to be published in their regular issues. Submitted manuscripts first undergo rigorous peer-review process by the in-house editorial board member and external independent reviewers. The articles are made freely accessible online after acceptance without any article processing charges. (<http://journals.science.org.pk/index.php/amdd/about>)

LABORATORIES & FACILITIES

Facilities:

Library Facilities:

BIHS has a well-equipped library with internet facility. Library maintains all important text and recommended books. The library is continuously updated with latest editions of relevant books. The latest development is the library going online and very fine collection of software providing the latest information in various subjects. In addition the library also subscribes a wide range of national journals and news-papers.

Rules & Regulations for library:

Users are expected to observe the following rules while using the library services; any violation of these rules will incur appropriate disciplinary action.

1. Silence should be observed in the library.
2. Mobiles/iPods/Laptops should be kept on silent mode. Sleeping, Listening/watching drama and music etc. while staying at library is prohibited.
3. Leave your personal belongings such as handbags, briefcases, etc., outside the library entrance.
4. Seat in the library cannot be reserved.
5. Eating, drinking and smoking etc. are not permitted within the library premises.
6. Library staff can ask anyone causing disturbances or not properly dressed e.g. wearing sleeveless T-shirts, singlet and shorts etc. to leave the library.
7. Book(s) will be return within Two weeks.
8. If the book return date is on weekend/off day then return it one day earlier.
9. Book(s) will be reissued if it is not required by any other member on the next day but not reissued on the same day. Book(s) will have to be presented at the time of reissue.
10. Student/Library member will submit any book(s) or other material, when requested by the library staff.
11. Do not write, underline or mark any book(s). Library book(s) are carefully examined on return and the borrower will be held responsible for the damage.
12. In case of loss or damage, the student/library member will be charged the double price of book(s) or other material.
13. Make sure you have provided correct e-mail address while filling your library membership form.
14. Report lost books or other materials to the library immediately to stop overdue fines.
15. In case of lost Library Card, please immediately report to the circulation staff so that your membership is temporarily blocked to prevent misuse of the Library Card. Once you get a replacement, please inform circulation staff so that your memberships can be re-activated.
16. Ask for help from library staff if you are unable to find your required material.
17. While returning library books or other materials at the Circulation Desk please ensure that the circulation staff has returned the book(s).
18. Faculty members will also follow the general rules and can borrow the library books according to their category.
19. BIHS Library management reserves the rights to change any/all rules and regulations as and when deem necessary.

Clinical Laboratory:

The Clinical Laboratory at present provides the patients with daily routine and screening medical tests performed by qualified and experienced medical laboratory technologists. The rates of the medical tests are very low, trimmed down to facilitate the patients as much as possible. The laboratory is well maintained in a sterile and clean environment.

Free Camps:

Bashir General and Dental Hospital was established in December 2014 with FREE Camping. Round about 100 patients were observed in OPD on daily basis during free camping keeping in view the socioeconomic status of the area, we started our clinical practice with minimal charges.

Physiology Lab:

The BHIS has been established a fully equipped physiology lab. The Physiology Laboratory introduces students to laboratory techniques in the study of physiology and provides demonstrations of processes learned in the Human Physiology. Laboratory exercises cover a wide range of topics from classic experiments and studies.

Pharmacy:

The Hospital also includes its own fully equipped indoor pharmacy where only standard medicines are provided to the patients with qualified and trained pharmaceutical staff. The pharmacy fulfills the basic requirements necessary to maintain the quality of the drugs in a clean and sterile environment.

Biochemistry Lab:

The biochemistry Lab has state-of-the- instrumentation and provides training and education to students. The laboratory is committed to maintaining the highest quality of performance using the latest technology and equipment. It provides a unique opportunity for students to undertake core professional and skills education. Students are trained in carrying out clinical lab investigations, instrumentation analysis and interpretation of laboratory data.

Histology Lab:

The Histology Laboratory provides quality and timely histological services to the BIHS Student community. The laboratory is equipped with specialized equipment and is staffed with full-time professional histology personnel.

Anatomy Museum:

Anatomy museum holds a large collection of anatomical specimens and models. This includes anatomical teaching models and human skeletal remains. It is an extremely valuable resource for students.

Computer Lab:

Students at BIHS enjoy a computer friendly environment. The BIHS has been established a new modern computer lab in order to provide opportunities to the students to run the software and enhance their computer and IT skill. The students are also trained on data analysis and report writing.

Cafeteria:

BIHS has provided to students well maintained cafeteria where refreshment, tea, snacks, sweets and other necessities are available at reasonable rates.

Blood Donors Society:

Bashir Blood Donors Society (BBDS) has a team of highly motivated and skilled students and staff to provide blood voluntarily. BBDS helps in screening timely blood donation in emergencies as well as in routine requirement. BBDS helps and provide blood donor, voluntarily to needy and poor patient. BBDS works on the motto "give blood to save life"

Social Society

The BIHS Social Society has been established with objective to arrange and organize Debate Competitions, Poetry and Drama functions in order to encourage and motivate students to actively participate in such healthy activities.

Sports/ Recreation & Academic Competitions:

BIHS encourage participant of students in co-curricular activities. BHIS provide both indoor and outdoor games facilities for boys as well as girls. BHIS sports Club arrange different sports competitions at different levels. BHIS also sponsors and encourages participation of students in numerous sports competitions in order to ensure the students remain both mentally and physically fit. BIHS also encourage the participation of students in academic competitions, seminars, workshops and curricular activities.

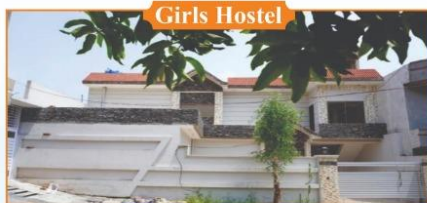

Hostel Facilities and Hostel Rules:

BIHS has a wide and excellent hostel for both boys & girls with latest facilities. These hostels have all accommodation facilities i.e. spacious room, clean, sound and safe living environment, transport facility, internet and cable facilities.

Hostel Fee Structure

S.No	Description	Amount
1.	Admission Fee Plus Hostel Utilities (Only one time at the of admission)	6000/-
2.	Monthly's Charges	8000/-
3.	Total payment at time of admission	14000/-
4.	Per month dues	8000/-

Girls Hostel

Boys Hostel

Bashir Institute of Health Sciences Islamabad

BASHIR COLLEGE OF DENTISTRY **(PURPOSED)**

Offers
4 Years Degree Program

Bachelor of Dental Surgery (BDS)

BASHIR COLLEGE OF DENTISTRY

Introduction:

The primary mission of the college is to educate individuals as dentists who have not only the fundamental knowledge of the profession, but also the qualities and characteristics required of dentists as leaders of dental teams and members of community health teams. At Bashir college of dentistry, we offer a Bachelor of Dental Surgery (B.D.S.) program, consisting of four years of undergraduate study including two years of Pre-clinical followed by two years of Clinical Training in the various disciplines of Dentistry. After successful completion of the four year study course, a one-year house job in recognized hospital setting is to be completed.
